

# South Dakota Career Peeks

Take a peek at . . .

**Dentists** are doctors who take care of people's teeth and gums. They look for problems like cavities in teeth. They fill cavities, fix broken teeth and treat gum diseases. Sometimes they pull teeth that are too bad to be saved.

Cross out the pictures below of things that do not help keep teeth healthy. Then write, in the blank provided, the letter that the words for the remaining pictures start with.
